Connecting Scenery **NATURE INTERVENTION**

Vive is putting the greenery courtyard at the heart of the house which can be seen from every rooms. They reveal how our own relationship to nature can be as profound as our connection to home.

Clear windows, large balconies and open- floor plan are not only opening up the house but inviting the beauty of nature to your everyday life, make the residents feel like they are apart, yet together.

Connecting Space **CLUB FLOOR**

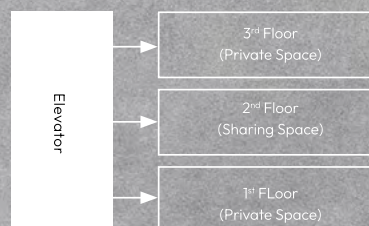

Elevated family time from day to night

A hub for the house that can accommodate various lifestyles & activities to fostering bond, sparking moment of joy and drawing families closer.

Connecting Movement **ELEVATOR**

Always move, always connected

An elevator is the key component added to Vive house to create effortless mobility between each floors. It is connecting both private and sharing space together, meaning more family gathering without compromising on privacy.
